ALTERNATIVE MUSIC VENUES IN
COPENHAGEN

Alternativ KBH

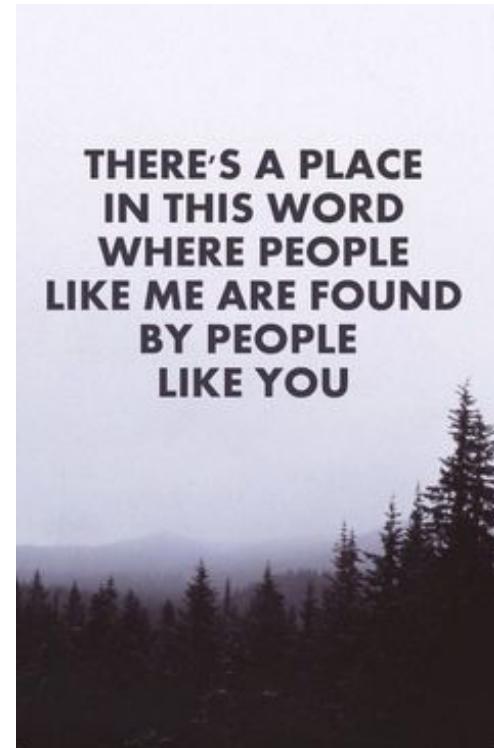

Alternativ KBH centeres around Music Venues in Copenhagen and creating a meet-up group to go and discover the alternative music venues in the city of Copenhagen.

Our Business focuses on bringing people together and discussing music venues and alternative music. We use a customised map to find the locations and plan the evening from the begining.

"I get a thrill meeting kids who are into alternative music"

-Kurt Cobain

Website

Our Website is a promotion of our meetup event. We have a join form on the website where a user can sign up and will receive notifications when the next event is on.

We also have a Newsletter where the user can sign up and receive information about our events and alternative music and alternative venues in Copenhagen.

Story Board Rough Work

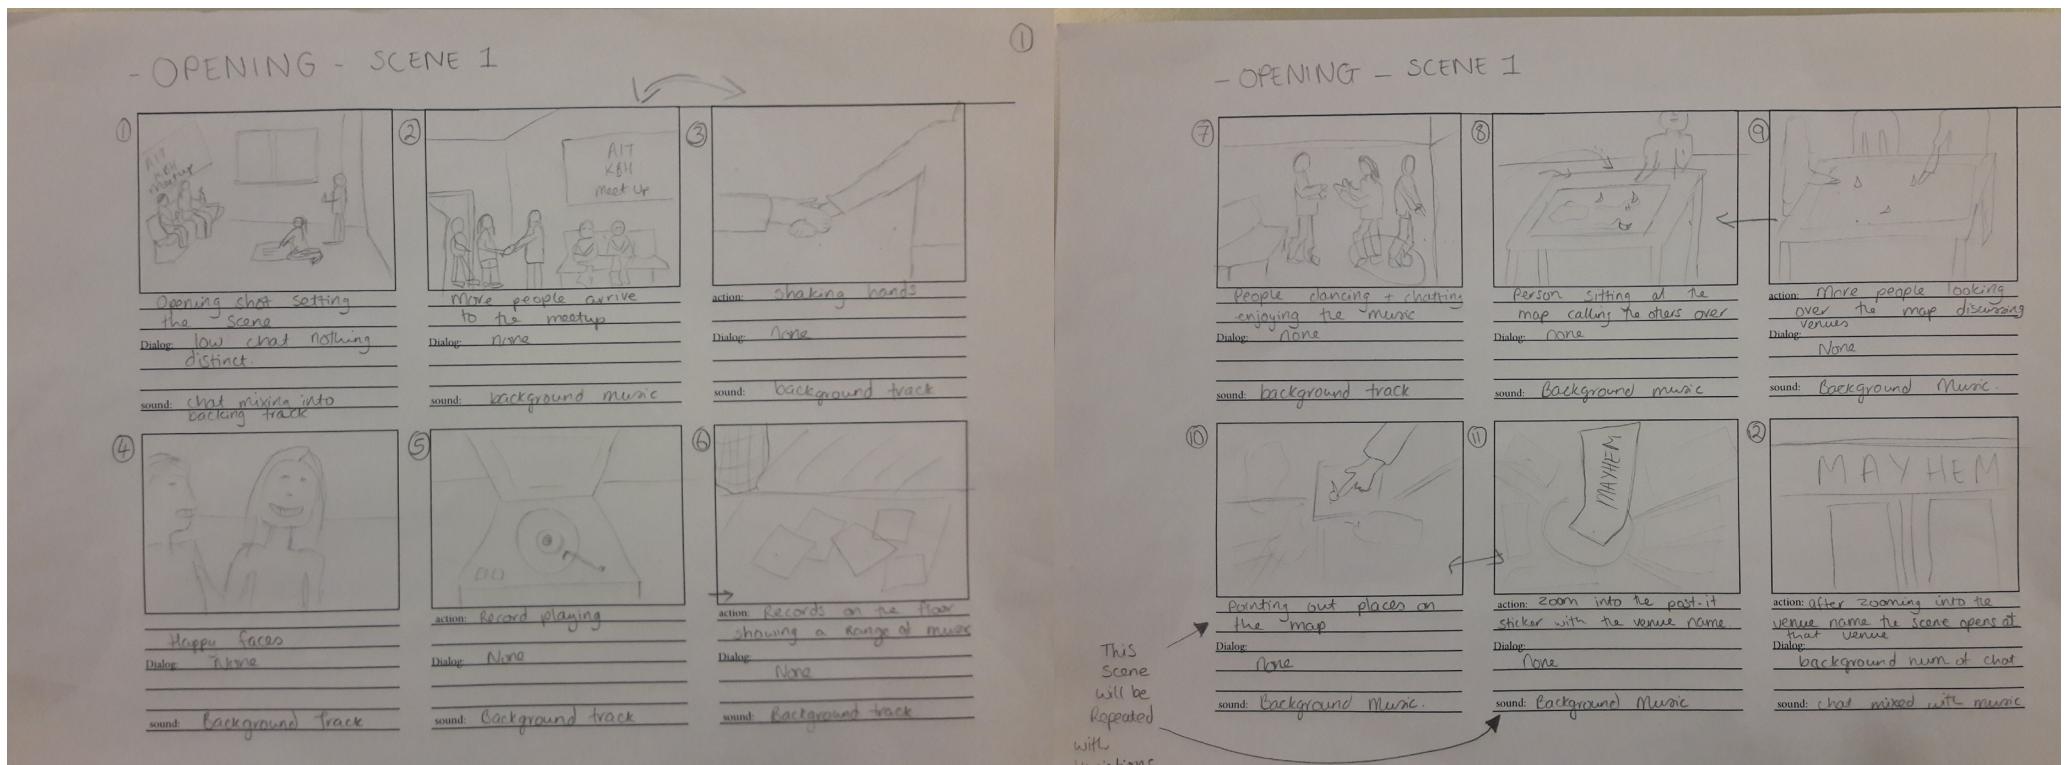

We started using rough sketches of shots and scenes that we would like to film over the weekend as most events that we wanted to film were at the weekend. We knew we wanted as much footage as possible so we would be able to edit the scenes later and not be missing anything.

We have included our rough scenes as it guided us through our filming process.

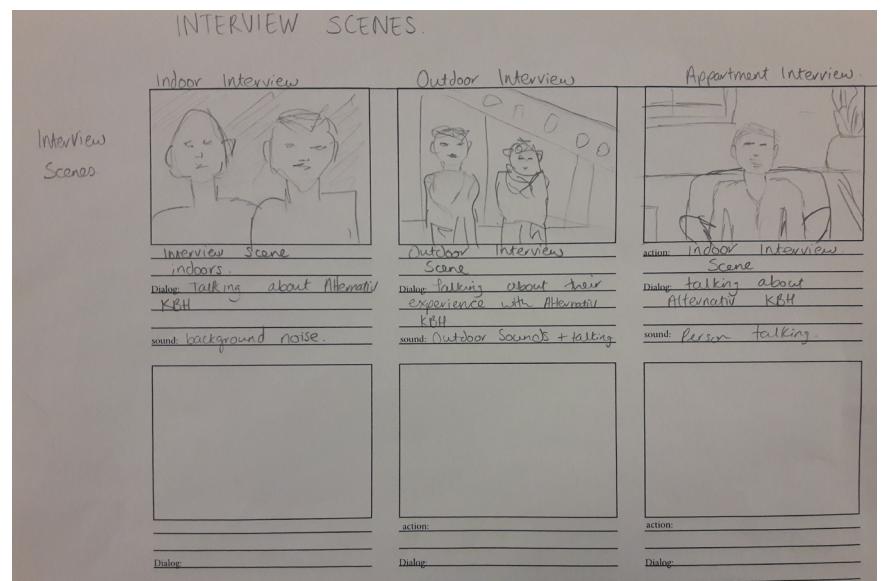

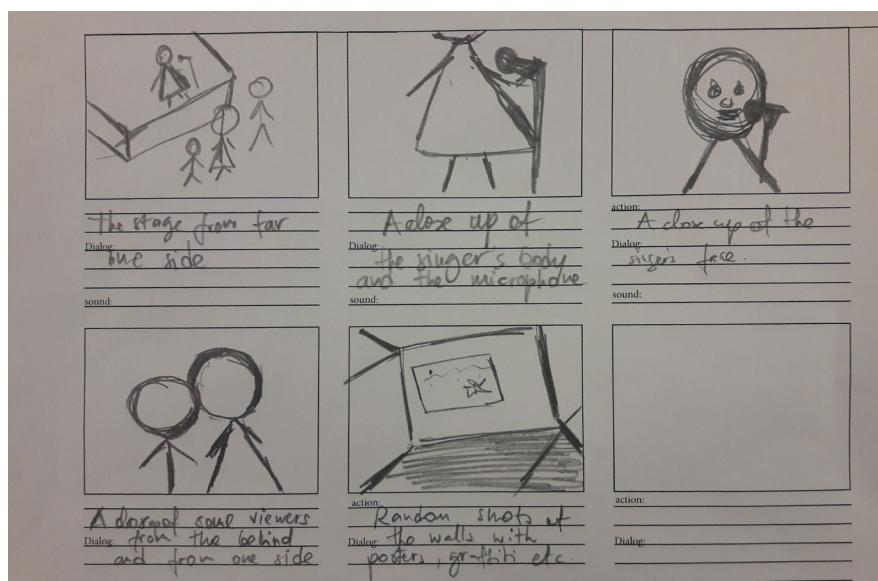

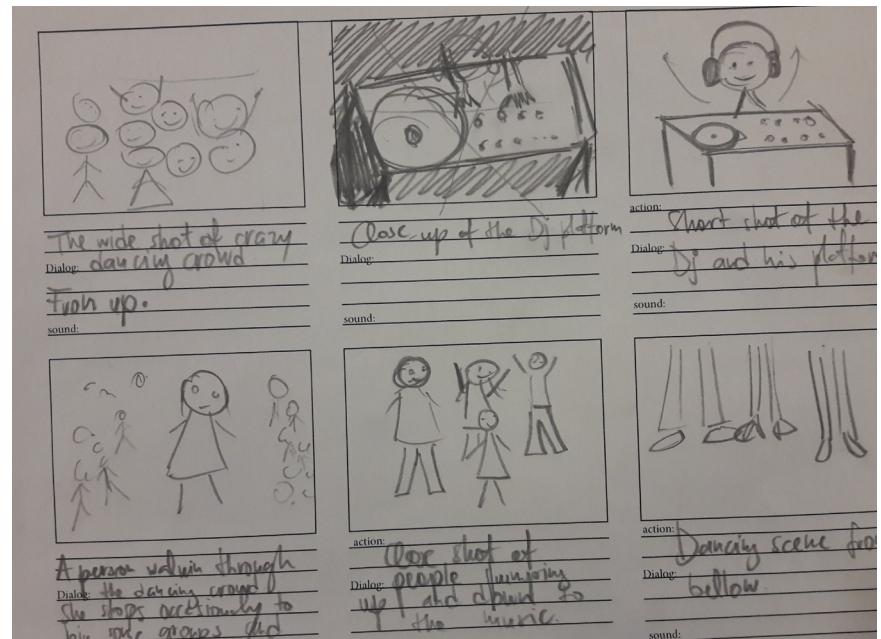

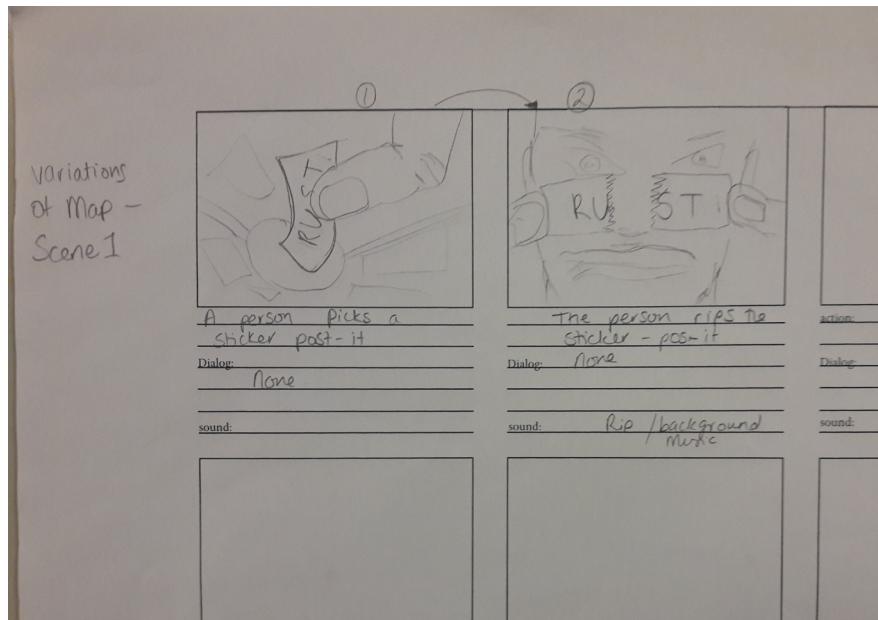

Story Board Rough Work

Rough Work for some shots that we filmed over the weekend. The scenes that we created were based on the rough drawings we did for the filming process.

Story Board Rough Work

Story Board FINAL

We narrowed down our story board to decide which shots we would edit to create the best story that would convey our Business in the best light. We cut up our previously drawn scenes and re-arranged them into a better sequence that would tell a better story.
